Challenges

Technological challenges pose challenges that require innovative responses. The entities that launch them seek solutions beyond their walls and offer resources to develop them, and those that respond have the opportunity to grow.

PARTICIPATE!

Demands

Do you need a capacity or technology to develop your innovative project and do you know that you do not have it within your company? It is time to seek collaboration. Share here your need to find the best proposals.

LAUNCH YOUR DEMAND!

Offers

Do you have an innovative capability, technology or solution that you want to transfer or share? Here you can give them visibility so that the entities that need them can find them. Get connected by sharing your best proposals here.
